Western Christian Schools

Volume 2 Issue 2

**“Train up a child in the way he should go:
and when he is old, he will not depart from it.” Proverbs 22:6**

Dear Parents;

I trust that you have all received your registration packets and begun to complete them. As you can see by the process, virtually all the forms are the same as before. In fact, we have reduced the paperwork for 8th graders going into our high school in order to make the process simpler.

The only major change we made is in our financial agreement, regarding withdrawal from the school, where we have implemented a 30-day communication notice before the semester's end, in order to enhance the dialogue between the home and school.

At Western Christian Schools, partnering with our parents is important to us and we endeavor to improve our communication between home and school in every way possible. That's why I encourage every parent that has not taken the opportunity to participate in our **RenWeb Connect to sign up today!** This way you can go online to view your child's grades, any missing assignments, homework, even tardy and absent reports on a daily basis. Western has invested almost \$60,000 on this program to help make communication between teachers, students and parents our number one priority. It's our goal to have every family use RenWeb because it has proven to be an effective communication tool between our teachers and administration with students and families.

To obtain your parent password contact the school office. We have a large number of students who are checking their RenWeb account on a regular basis, which has helped keep their grades much higher this year, and we congratulate their efforts in being responsible.

May God bless our continued partnership for our children,
Karen Winter
Superintendent
